

ARTS AWARD DISCOVER

A WORLD OF KINDNESS

Using this guide you will be able to achieve your ARTS AWARD DISCOVER

We have included some activity ideas for you here but you can test out your own ideas too.

You might start by thinking about what creative things you could do that would benefit someone else.

#PROUD TO
BE KIND

We made photo booth props with an
example of a time when we felt proud to
be kind. We thought about who we were
kind to and how it made us feel.
We then took photographs of each
other in a photobooth frame.

We explored the Community Centre
looking for examples of art forms.
We found things like knitting, pottery,
graphic design, painting and music.
We created spider diagrams or drew maps in
our sketchbooks of what examples we found.

FIND OUT

Find out about at least
1 artist and their art

We watched some short films about
artists who make work that helps us
to look at the world, and each other,
in a kinder way.

I watched a Greenpeace film called
'Lego - Everything is not awesome'
made by a creative agency called
'Don't panic'. It's about oil being bad
for the environment... Everything is made
out of Lego but I still felt really sorry for
the people drowning in petrol.

Greenpeace wanted to put pressure on
Lego to end their marketing contract with
Shell, a big oil company with plans to drill
for oil in the Arctic

Millions of people saw the film...
Lego were worried about the bad
publicity and the potential damage
to their brand so they stopped
working with Shell.

Lots of us agreed that we really enjoyed Elijah Femi's visit to Chill Club

Elijah is a local musician who came to share his work with us. We were able to ask him lots of questions

Some of us decided to share what we learnt from him by performing a dance to his beats. We had to listen to each other as we had different ideas about what steps and moves should be included

I asked Elijah lots of questions but I didn't write anything down!

That's okay... I didn't ask him anything but I made lots of notes

Let's go through my notes and talk about what he said

We discussed what we liked, found out more new things we had learnt and thought about how we could share our ideas

During the dance routine we took it in turns to make a pose and say out loud what we knew about Elijah and why he was inspirational to us

We showed our dance routine to the rest of the youth club and leaders... they said it was really cool. One of our friends filmed our routine on their phone and took photos, and we put these into our sketch books and wrote down what we had said in the dance

How should we start?

What sort of performance could we put together?

What did you find interesting?

What did you enjoy the most

ARTS & KINDNESS

ARTS AWARDS

To create this guide People United teamed up with a youth club in Ramsgate (Kent) called Chill Club and artist Jan Wheatley.

The young people who took part were aged 9 to 18 years old; they helped to develop and test activities with themes of caring and helping to achieve their **ARTS AWARD DISCOVER**

Together they made artwork, played creative games, went on trips and learnt about artists who help make the world a kinder place. Using drawings, photographs and comments from the young people at Chill Club we have created this useful resource to inspire and guide even more of you to learn about arts and kindness. We hope you enjoy using this guide, and good luck with your Arts Award.

Remember to have fun and be kind!

Words, and the way we use them, can have a powerful impact. Think about how you can make what you say (and how you say it) kinder before you speak out.

PEOPLE UNITED

People United is an arts charity who organise fun events and art workshops for people to take part in. Anyone is welcome and we work with children, families, teachers, community groups and neighbours. The projects are led by artists. Together we make craft and art, get to know each other and have fun. We have found that making artwork together can help people to be kinder to each other and the world around them.
